AAUW Ballwin-Chesterfield (MO) Branch

National and State Award-Winning Branch

November 2019

Vol. 40 No. 4 39th Anniversary Year

Presidents' Corner

Happy Fall! We thought we'd get a head start on Thanksgiving and express our gratitude to some of those who lately have made our AAUW Branch so lively and successful. In no particular order, let us thank:

- *Dollars for Scholars co-chairs, sponsors, and attendees,
- *Eleanor Roosevelt Walk co-chairs, walkers, and supporters,
- *The used book sale committee who sell books at great prices and no longer have to worry about upper body strength,
- *The bags of bean soup put together and sold according to some secret recipe,
- *The delivery of our directories with member photographs in color,
- *The editors of our newsletter who produce a top-notch edition every month,
- *The team writing the Friday reminder,
- *The website production/design team,
- *The program committee who started the year by arranging our interesting speaker—Dr. Steve Coxon of Maryville University,

- *The AAUW Fund leaders who explained concisely and understandably its new job description,
- *In advance, all our members who generously will support the AAUW Fund in November,
- *Our four speakers at the monthly Munching Matters luncheons,
- *The committee who will spend many hours creating, arranging, planning, and coordinating our best December Winter Party,
- *The members of our branch board who lead, inspire, and work harder than you imagine,
- *And all members who come to meetings, provide refreshments, belong to interest groups, and support our mission in innumerable ways.

In conclusion, thanks for the smiles, kind words, suggestions, cooperativeness, friendliness, and acceptance you give us, your co-presidents. It is heartwarming and priceless.

~Jean Elliott & Jan Horner, Co-presidents

Women and Investing: Turning Complexity into Confidence

Kathleen M. Palumbo

Executive Director,

THE PALUMBO GROUP of Oppenheimer & Co.

Every stage of our financial lives, including retirement, has challenges. Kathy will address those issues during her presentation. With close to 30 years of experience as an advisor, she is the thought leader of an established, well-respected practice which provides customized investment and estate planning strategies for high net worth individuals, families, conservators, and members of the legal community in Missouri. Kathy attributes her success with clients to the skills acquired in an earlier career: 20 years as a registered nurse, which required listening compassionately, developing a plan, and executing it to improve the patient's condition.

A Note from the Finance Officer

Winter Belles, the name of our annual winter fundraiser this year, is critically important to the financial health of our branch operating fund. The \$22 portion of AAUW annual dues that Ballwin-Chesterfield retains does not cover all the wonderful things we do. The winter fundraiser is the way we raise the additional monies we need to maintain our high-quality programs and activities, and is an every-member participation event.

Whether or not you cannot attend this year's event, *Winter Belles*, you can contribute \$50 and become a "Belle of the Branch." Your name will be featured on a poster and in the program. All you need do is write a check made payable to AAUW B-C and give it to Pat Shores, at the November meeting. If you prefer, you can mail your check to Pat at the address found in the Directory.

~Pat Shores,
Finance Officer

Directory

We have received and distributed the 2019–20 AAUW B-C Directory. If you haven't picked up a copy, please do so at the branch meeting. A digital version of the directory has been sent by email to the membership.

Everyone is encouraged to have a picture in the directory. To do so, please email a digital photo or send a photo print by mail to Ann Patrice O'Shaughnessy, using the address in the directory. Your photo print will be returned to you later. An alternative would be for you to let us take your picture at one of our AAUW meetings.

New members should also be given a binder cover when receiving a directory. If you did not receive one, please come to the directory table so we can supply what is missing.

AAUW Fund: Annual Giving

Since November is here, we are reminded that the season of giving is upon us as well. Because of the members' generous backing of AAUW's mission through their contribution to AAUW Funds, women receive support through AAUW Greatest Needs Fund, Education and Training Fund, Economic Security Fund, and Leadership Fund. These contributions help promote equity for women and girls since they support AAUW's critical work.

Ballwin-Chesterfield's Annual Day of Giving will again be at the November Branch meeting. At the Fall Brunch, we were reminded that in 2019–20, we celebrate 100 Years of Women's Right to Vote. Members were challenged to make a \$100 donation to AAUW Funds in commemoration of this momentous event. This donation will also add your name to the 2019 Century Club. As always, we are thankful for the generosity of our members which makes our support of AAUW's mission possible.

If you are unable to be at the November meeting you may mail your check to Judy Stagoski (address found in the Directory) or donate online at AAUW.org and let Judy know about your online donation. Will you accept the \$100 challenge on November 14?

~ submitted by Judy Stagoski, Co-director, AAUW Fund

AAUW Fund: STEM

STEMpack: Tech Savvy, is a STEM conference shared by National AAUW as a project that can be done by AAUW branches. It is a one-day science, technology, engineering, and math conference for girls in grades 6–9 and their parents or guardians. It is usually held on a college campus and introduces underrepresented girls to STEM at a younger age than many of our programs. The day also helps demystify college admissions and the funding process for parents.

This event is similar to the Expanding Your Horizons program that AAUW B-C does annually, but introduces STEM earlier, and includes parents. It is intended to be presented conference style with a keynote speaker and breakout sessions. Some hands-on STEM experiments led by volunteers with help from experienced STEM and campus professionals should be included. This is food for thought for growth to EYH.

~submitted by Barb McQuitty, STEM Committee

AAUW Fund: Legal Advocacy Fund (sourced from *Washington Update*, September 27, 2019)

LAF adopted a new pay equity lawsuit this week. *Freyd vs University of Oregon* addresses pay discrimination faced by Jennifer Freyd, a professor at the university who is paid substantially less than her male colleagues who hold the same positions, are junior to her, and are no more accomplished. The disparity is due primarily to retention raises, and the case will help to establish whether such raises are considered "a factor other than sex" under the Equal Pay Act.

AAUW also signed on to a new amicus brief to the Ninth Circuit concerning the case of Aileen Rizo. Rizo is a Legal Advocacy Fund-supported plaintiff who faced pay discrimination in her teaching role due to the use of salary history.

~submitted by Barbara Butchart

Public Policy

AAUW's mission is to advance gender equity for women and girls through research, education, and advocacy. To meet this goal, our public policy priorities at the branch and state level include economic security and violence against women. Why is this important? Time yourself as you read this article, then multiply that by 20. That is the number of people who suffered physical abuse by an intimate partner while you read this. One in four women and one in nine men are victims of abuse by their partners. Women from ages 18–24 are most commonly abused. On a typical day, 20,000 phone calls are placed to domestic violence hotlines nationwide. The presence of a gun in a domestic violence situation increases the risk of homicide by 500 percent. (Source: National Statistics Domestic Violence Fact Sheet)

Abuse occurs in all socioeconomic levels, but many women stay with their abuser due to financial issues. That is why AAUW is working to close the gender pay gap by 2030 and why we are focusing on training 10 million women on Work Smart by 2022. As ambassadors of AAUW, we have the opportunity to share our Work Smart course in the hope that at least one of the women taking the course will learn the power of her voice in negotiating salaries and benefits, and give her the economic security to leave an abusive relationship.

~Karen Francis, Co-director, Public Policy
